

Large Bird Supplement

Mazuri® Large Bird Supplement is formulated for fish-eating birds consuming larger prey items to provide vitamins depleted in whole, frozen fish in a convenient tablet form.

Features and Benefits

- **Contains vitamin C** – Helps support the immune system.
- **No vitamin A** – Designed to be fed with whole fish.
 - For a similar formula with vitamin A to supplement when gutted fish are fed, see Mazuri® Bird Supplement with Vitamin A (5M25).

Ingredients

Ascorbic Acid (Vitamin C), Thiamine Mononitrate, Dextrose, DL-Alpha Tocopheryl Acetate (Vitamin E), Brewers Dried Yeast, Calcium Pantothenate, Riboflavin Supplement, Pyridoxine Hydrochloride, Shellac, Diacetylated Monoglyceride, Maltodextrin, Magnesium Stearate, Silicon Dioxide, Corn Oil, Folic Acid, Biotin.

Feeding Directions

- This tablet is designed to be fed with whole fish.
- Feed 1 tablet per 2.5 lb. (1.1 kg) of fish or shellfish in the diet. Feed by placing the tablet into the food.
 - Feed within 12 hours.
- Always provide plenty of fresh, clean water.
- Thoroughly wash feed and water bowls on a regular basis. It is always good practice to wash hands thoroughly after feeding and/or handling animals.
- This supplement is not for human consumption.

Storage Conditions

Keep lip tightly closed after removing required amount. Store in a cool (75°F/24°C or colder), dry (approximately 50% RH) location free from rodents and insects. Use within 1 year of bag manufacturing or "Best if Used By" date.

Ingredients cause tablets to have a speckled appearance. Coating on tablets may become speckled with exposure to air – this is not indicative of any vitamin degradation.
